## Introduction

The following document is intended to support Club Officers and volunteers in the completion of the CoVID Health Questionnaires required to participate in Gaelic Games activities.

Each person participating in Gaelic Games must complete a Health Questionnaire, answering some basic health related questions, prior to the first occasion that they return to their club.

They must also re-confirm that their Health Status hasn't changed on each subsequent occasion that they participate.

Parents / Guardians can submit forms on behalf of their dependents and forms can also be submitted on behalf of person's who may struggle with completing the electronic form themselves.

Covid Supervisors in clubs can verify that individual members of their teams / panels have submitted forms and are permitted to participate. They do not have access to view information provided on forms, simply that it has been submitted.

## CoVID Supervisors

Clubs are required to nominate CoVID Supervisors to coordinate the activities required to return to play. One of these activities is verifying that participants have completed the Health Questionnaire and have subsequently reconfirmed that their Health Status hasn't changed on each subsequent occasion that they take part in Gaelic Games.

### Access to systems

The Health Questionnaire system has the ability to present CoVID Supervisors with a summary view of all of the questionnaires and subsequent reconfirmations submitted for teams in their clubs.

There are two steps required to authorise individuals to perform the Supervisor roles on the system

1. The Club Secretary provides the email addresses of all CoVID Supervisors in their club
2. The individual registers on the system and ticks the 'I am a CoVID Supervisor'

I am a COVID-19 Supervisor

Check this if you are an assigned COVID-19 Supervisor for your club.

[CONTINUE](#)

Individuals who have both of these steps completed will be authorised to view information relating to their teams.

**Note:** Supervisors do not have access to sensitive personal information relating to the members of their clubs. All that is provided is the ability to view that a Health Questionnaire has been submitted.

### Supervisor View

When a CoVID Supervisor access the Health Questionnaire system they will have access to view forms submitted within their club. They will also be able to view forms that they themselves have submitted and confirm that their own health status has not changed by hitting reconfirm this.
